Howe Corporation EARNS 2023 ENERGY STAR® Partner of the Year – Sustained Excellence AWARD

Chicago, IL March 28th, 2023—Howe Corporation is proud to announce that it has received the 2023 ENERGY STAR Partner of the Year – Sustained Excellence Award from the U.S. Environmental Protection Agency and the U.S. Department of Energy.

“As we accelerate historic efforts to address climate change, public-private partnerships will be essential to realizing the scale of our ambition,” **said EPA Administrator Michael S. Regan.** “I applaud this year’s ENERGY STAR award winners for working with EPA to deliver a clean energy future that saves American consumers and businesses money and creates jobs.”

Each year, the ENERGY STAR program honors a select group of businesses and organizations that have made outstanding contributions in the transition to a clean energy economy. ENERGY STAR award winners lead their industries in the production, sale, and adoption of energy-efficient products, homes, buildings, services, and strategies. These efforts are essential to fighting the climate crisis, protecting public health, and creating a clean energy future for everyone.

Winners are selected from a network of thousands of ENERGY STAR partners. For a complete list of 2023 winners and more information about ENERGY STAR’s awards program, visit energystar.gov/awardwinners.

About Howe Corporation

Howe Corporation is a 111-year-old, 4th generation Family owned and operated manufacturer of Flake ice makers used throughout the entire food chain. Howe’s Rapid Freeze® flake ice equipment can be found from sea, or farm to plate and every segment along the way. Whatever your food cooling needs are, Howe has a solution for you. About ENERGY STAR

ENERGY STAR® is the government-backed symbol for energy efficiency, providing simple, credible, and unbiased information that consumers and businesses rely on to make well-informed decisions. Thousands of industrial, commercial, utility, state, and local organizations rely on their partnership with the U.S. Environmental Protection Agency (EPA) to deliver cost-saving energy efficiency solutions. Since 1992, ENERGY STAR and its partners helped American families and businesses avoid more than \$500 billion in energy costs and achieve more than 4 billion metric tons of greenhouse gas reductions. More background information about ENERGY STAR’s impacts can be found at www.energystar.gov/impacts.
